EDC LIGHTING company is honoured to be working since 1993 with the aim of providing quality products in the fields of Lighting design, Light products, and innovative solutions. Our company has always committed itself to provide products with high quality and reasonable price to consumers.

We are proudly partnering with Sepehr Monavar Industrial Group, the largest global leader and manufacturer in lighting products in Iran.

Our understanding of how lighting positively affects people coupled with our deep technological knowledge has provided us the ability to deliver digital lighting innovations that unlock new business value, deliver rich user experiences and help to improve lives. Serving professionals and consumer markets, we sell more energy efficient LED lighting than any other company. We lead the industry in connected lighting systems and services, leveraging the Internet of Things to take light beyond illumination and transform homes, buildings and urban spaces.

## 30 YEARS OF INNOVATION & TRUST

THE STRENGTH OF CONSISTENCY

The Journey is never ending, there's always gonna be growth, improvement, adversity; you just got to take it all and do what's right. continue to grow, continue to improve, and be flexible to changes.

Great results don't come from what you do occasionally, they come from what you do consistently.

**Multi-Purpose Innovation**  
ideas transformed into values

## OUR COMMITMENTS

- EDC develops technological, high efficient, Innovative and advanced Lighting and Light products worldwide.
- We see ourselves as the innovative driver for technologies in line with the market.
- We supply and inspire our customers with single components but also with comprehensive system solutions and services.
- We're proud of our team, our quality and our successfully completed projects.

# TURN-KEY PROJECTS REVIEW

- LIGHTING TECHNOLOGY
- INNOVATIVE PRODUCTS
- ILLUMINATION SOLUTIONS

EDC LIGHTING executes complex high-quality projects, and delivers Turn-Key solutions in lighting and illumination solutions.

Individual products for both b2b and b2c consumers as well as integrated, interdisciplinary solutions for illumination complexes.

# 1 STRIP LIGHTS

## Single-Line 3528 StripLight

### استریپ لایت ۳۵۲۸ یک ردیفه

Strip lighting is often used to detail water features and pools however doing this requires a product with a suitable IP rating. With white and RGB Colour changing options available you can create a full range of colours suitable for a range of installs.

P-Type	نام محصول	SKU	تراکم در هر متر	ولتاژ ورودی	رنگ نور	IP	CRI

### پروژکتور اسلیم

Designed for the signalization of streets, cycle lanes and pedestrian ways and facade lighting. With the use of high-power LEDs, the in-ground light range provides high luminosity at a low power consumption.

## 7 GARDEN LIGHTS

## White Body Garden Light

### چراغ پارکی ام ال ال ۲۳ بدنه سفید

When it comes to providing a functional and atmospheric effect outdoors, light fittings using LED technology offer the ideal solution to accentuate characteristic features in your garden. Good lighting is meant to enhance the shadows and nuances of your garden. All gardens, no matter what size, have different characteristics and will only be "lit well" if all these are taken into consideration.
